## **1. REPORT ON**

### **CIRCUIT ASSESSMENT OF MARNGAR-DIWON-UMDEN**

**Title:** Circuit assessment of Marngar-Diwon-Umden

**Programme:** Circuit Assessment

**Date:** April 29,2023

**Venue:** Umden, Ri Bhoi District, Meghalaya.

The Department of Tourism and Travel Management, Lady Keane College conducted a circuit assessment at Marngar-Diwon-Umden of Ri Bhoi Districts as a potential tourism circuit for Meghalaya. The assessment was conducted as part of the study of Mrs. P Kharlukhi, Assistant Professor, MLCU also a research scholar and funding was also provided by the research scholar. The students of the Department of Tourism and Travel Management of the College participated in this study as evaluators and samples for the particular study.

The study begin with from Marngar Lake after which the group proceeded to Diwon Village for the Sericulture and Handloom making and finally concluded at Umden village b y visiting the Heritage sites and sacred forest of the village. The assessment is to check the potentiality of developing this circuit as an organized cultural tourism circuit.

#### **Objectives of the Assessment:**

- To learn the techniques of assessing tourism circuits.
- To explore the different attractions and facilities required for tourism circuits.
- To identify major resources that can be converted into tourism products.
- To interact with the research scholars.
- To acquire ideas on how to conducting surveys and researches.

The criteria for assessments consist of the types of attractions, transportation, accessibility, local cuisines, local dances and cultural performance, accommodation, cultural involvement, community interactions, historical resources, services and customer skills. 30 students of the Bachelor of Tourism and Travel Management (BTTM) were selected to participated in the assessment accompanied by two faculty members. The assessment was held on April 29 of 2023 covering all the destinations of the circuit.

#### **Learning outcome:**

- Students acquired ideas on how to assess tourism circuits.
- Students are able to identify tourism attractions and facilities for developing circuits.

- Students had a good interaction with the research scholars and received ideas on technique of conducting surveys and identifying the factors for developing tourism circuits.
