

## Field Trip to Mawphanlur

**Objective:** To acquaint the students with the rich cultural heritage and folklore of the State and to ignite a passion for nature and culture that will inspire a deeper curiosity for learning.

The field trip was organised on the 12<sup>th</sup> of May, 2022, and was initially planned for Kyllang Rock which is emblematic in Khasi folklore. However, due to the inclement weather on the day of departure, the destination was changed to Mawphanlur instead. Mawphanlur is seeped in beauty and its terrain offered glimpses of similarity with Wordsworth's idyllic banks of the river Wye. The students drew comparisons with the lake atop the hill at Mawphanlur to Heaven Lake as described by Vikram Seth in China. This experience opened up their minds to the therapeutic caresses of nature and instilled within an accountability towards its conservation.

*"...Nature never did betray/ The heart that loved her"*

*-William Wordsworth*

**Expenditure:** Rs. 19,000/-
