

Lady Keane College, Shillong
YOUTH RED CROSS

Report on

**First-Aid and disaster management Training on the 31st October
and 1st of November 2022**

The training was given by trainers from the Indian Red Cross Society, Meghalaya State branch. A total of 47 students which include volunteers from the YRC, NCC, NSS and Rangers participated in the training programme.

The objectives of organizing the training was to get the youth actively involved on the knowledge of basic first aid so as to increase the numbers of youth as bystanders and cultivating a positive attitude towards helping people in need. Subsequently, a good number of youths need also to get first-hand knowledge on disaster preparedness and recovery efforts, which does not only increase youths' awareness of particular hazards, but can also enhance the chance that they openly discuss how to adequately protect their families and loved ones and understand how to seek help should their community be affected.
