Lady Keane College, Shillong

World Wildlife Week, 2022

The World Wildlife Week is celebrated from 02-08 October, as a continuation of the World Wildlife Day celebration on 03 March every year. The theme of this year's celebration is "**Recovering key species for Ecosystem restoration**".

The objectives of the week-long celebration were to draw attention to the conservation status of some of the most critically endangered species of wild fauna and flora, and to drive discussions towards imagining and implementing solutions to conserve them. In 2022, World Wildlife Day had driven the debate towards the imperative need to reverse the fate of the most critically endangered species to support the restoration of their habitats and ecosystems and to promote their sustainable use by humanity. The Department of Zoology, commemorated the World Wildlife Week, 2022 by organising a Talk and an Inter-College Debate Competition for BSc (Zoology Hons) students on the topic "Cheetah restoration: India's Vanity Project" on 14 October, 2022 (Friday) at 10AM in the College Seminar Room. The Guest Speaker, Smt. Anju P. James, IFS, Divisional Forest Officer, Forest Utilisation Division, Shillong gave an interesting lecture on the topic "Recovering key species for Ecosystem restoration".

List of Participants:
