Thank you for your service

All teachers in this departments are quite better in their experience in teaching.

The course can be made a little more engaging.

No comments!.

Learning should be enthusiastic and not making the students feels like a pressure.

Some of the teachers they doesn't know how to explain the subject

Its good

Good lecture

Right now I don't know.

i am pretty satisfied with how things currently are.

More of practicals that is (field trip)

Personally everything is good but the time table need to change it would be better if we can have our major subject in the first half

NIL

Enhancing academic advising and career counseling services to better support student in their academic and professional development.

Nothing.

Need relatable books for subjects

To have more practicals rather than just theory

The courses are nice

No.

It's good

Nothing to comment

All is good

Should give the proper time table for all internal assessment

We need more practical learning experiences with traditional academic coursework for more effective growth and understanding in political field as a political student. We want to have active participation to gain more experience on current as well as traditional issues of politics.

Department is good ...I don't have suggestions

To check the students cheating during exams its unfair for the students who studied

Ok

Thank you

I have no comments

I don't have any problem regarding all this

Honestly, then some of the subjects included above I couldn't really understand need more improvement in teaching(talking about 1st semester).Also if possible some other subjects should be included

Compared to 1st and 2nd semester course the 1st semester courses were interesting

It's quite irrelevant because we're learning basis and in months subjects were changed.its quite pressuring

Too much pressure

No comments!.

Nil

It very hard

Good for creativity

No comment

No comment

The courses are good enough for students but it will help a lot if the syllabus is little less so as to students can give 100% to each subject and not only focusing to anyhow complete the syllabus without proper knowledge about the subject matter.

-

Personally I feel that if they will be a little bit lenient towards our marks it will be good because during first semester I have written so well AEC subject but still I get so less marks which I didn't expect and yes, of course I maybe wrong but I have a strong feelings that I have done it so well but still how did I scored so less marks below my expectations , but anyways this is my humble request if teachers will be a little bit lenient towards our marks it will be better for us the students and it will give us motivation to study more and more

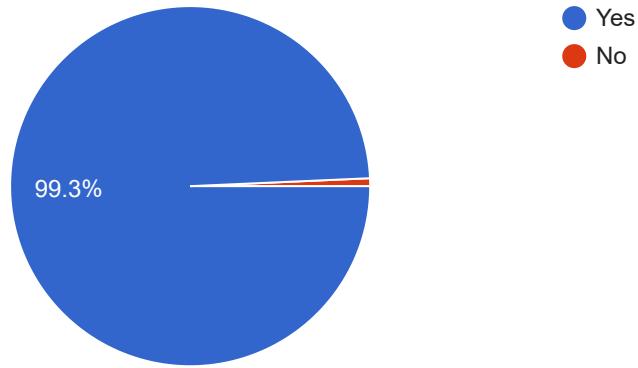

They were just adding to the time we have to study for our minor and major paper

Nothing as such!!

Some teachers sometimes become a little disturbing

Proper checking for the students before they sits for the exam

The examiner should check each and every students properly so that they wont cheat

No, i dont have

Conduct more tests

Don't have.

The internal assessment tests and assignments should be shown to the students after correction.

No comments. No suggestions. I hope we get fair marks without any chaos.

No I don't have

I would prefer to have as multiple choice examination for extra course

Exams dates should be given a week earlier

Can you please check properly while students are writing their exams some of them are carrying their phones along with them which is so unfair to us

nil

would prefer much better quality of answers sheets

NIL

Implementing suggestion can create a more fair, effective, and supportive examination environment for students ultimately leading to better learning outcomes.

The examination conducted by the college is immensely satisfactory without any discrimination of caste and race.

It's fine.

Please give us more time to study we are not lab rat just because of the new policy there are too much pressure for us we don't even have off like our senior

I want some of the teachers in college to maintain silence during examination...as it's quite disrespectful and also disturbing to do so

Good 👍

Thank you

Nothing to say

I don't have any suggestion

Students should be checked before entering the exam hall for any unfair means.

Sometimes

Sometimes difficult to communicate

Haven't encountered such problems yet

Too rude too much attitude

Sometimes they misbehave, but I think so they are also having a work pressure that's why they became aggressive

Yes on some important days they were off duty

They would always delay the work

Some of the staffs are rude sometimes.

During the registration

Every time we need help from the office we have to wait for them till they get back they were never available in the office and our work keep on pending

Yes , they're not polite .. they let all their anger on the students

Letting the students wait too long, some are hard to approached amd speaks too low

Timing doesn't match with the classes

My id card took more than 3-4 months to arrive.

I already paid my exam fee for 1st&2 nd sem. During covid in online. And when i am in 8 th sem. He told me and my other classmates to pay. Two of my friends pay double time

No answer

Yes

No i never had

Some are rude

All they want is respect but the talk rudely to the students

Some staff are so rude

No, there is no problem

Yes me and one friend was only told to pay twice oir exam fee. They said they'll refund but he did only to my khasi friend not me they always do full inquiry whenever I go for paying but don't question a one during others this is so injustice I don't know why they are doing this it makes me feel like just because I doesn't belong from Shillong

They are rude

I did not find any problem in the college office.

Yes sometimes they talk in a rude way which makes in uncomfortable

Na

Some don't guide properly

No problem.

Nope. They are fine.

They never come on time

Noting this time.

Too rude to even communicate

Rudely behaviour toward students

No.

..

Sometimes the staff are not that approachable but when we do ask for help they do help us.

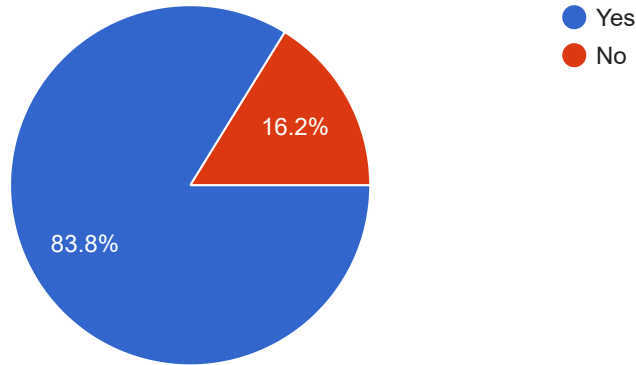

Yes. Sometimes they are so rude.

In library they keep story books, spiritual books so that students also can enrich their knowledge.

Please tell the guard that is in the office to behave nicely she is rude

Non

Sometimes rude to students.

Not this time!!

No suggestions

May be if they were helpful and punctual

Timing!!!!

Please bring more new books

One of the best way to improve library services is to understand what the students needs.

Office staff should be more active and on time.

No comments. Thankyou

No I don't have

Not really

The college Library need more books because there are some books that I want to read but they don't have in the library also on Saturday the library is already closed when I want to go to the library after I have finished all my classes

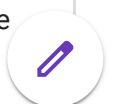

no suggestions

i feel like the staff members of college office should be punctual with the time since students have to wait a long time to enter the office

NIL

Ensure the library provides a variety of study spaces, including quiet zones, group study areas, and individual study carrels.

Please Let us issue the book as long as we're still needing it, and return back after we've done using the book. Let us used the book for a month or 6 month till the semester ends.

NA

I have nothing to talk about this

Na

Need more books which are not related to the course

No it's good

No comment.

There should be more supplies of books

I think it's good

No it's very good

Yes, some books are not their in library

Already mentioned

Time should be same as the classes sometimes it's difficult to get the book from the library and sometimes pending work due to late office staff and all

Please provide us NEP courses book

Some of the college office staff should try to be punctual...and library it's better to access more important books and a little bigger space

To be less rude and to be polite so that we can feel free to come whenever we have any problem

Book

No comments.

If possible Library time to be extended... if no every day then atleast exam times.

Yes

Perhaps more fiction novels in the library.

Increase the books for the different course

Classrooms

Library

Everything is good

The facilities are good

Classrooms, library

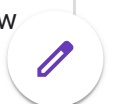

If we had some fan in our classrooms ! Coz it's very hot in summer.

Library

I would say the Library is better

Hostel is not good. Food is not good. Water is not that sufficient. Staff are rude . Microscope not enough I mean they are enough but most cannot be used

Classrooms are quite conusted in new building,In Library they can add story books which is beneficial for students and spiritual books of different religion it's very important to know about different religious perspectives. Sports facilities good,gym and laboratories I don't know about that because I'm from arts stream

The classrooms are too small

Please chane the room of english department cause the room is very dull which made my mood gloomy as well and in my openion if the room is bright enough students would love to read as well

It's so satisfied

Non

We should have a clock in our respective classrooms, so during exams we can manage our time.

Since I didn't get assess to gym...no comment on that beside that everything is well and good!!

Gym can be use only by some students .

The college campus is perfect but some classrooms are too small

Some of the room they don't have fans it's difficult to concentrate on class when its hot

...

Quiet good

Most important we need more books in library.Also a clean and tidy compound around us and most important a neat and tidy toilet.

There should be more sports facilities. Only the basket ball ground is not enough.

Don't want to. THANKYOU

The gym room is too small, class rooms are often Dirty, no basket Ball 🏀

The facilities that the college provides for us is super good right from the classroom, library etc

Its good

No opinion

Everything is well good

Dusty benches

The library should include more books so that it could help us

In students common room when I want to play carrom there is no dice there is only the board .

the classrooms are in pretty good condition

The students of BTTM had to always pay the college wifi without getting any benefit from it.

classroom are okay but hostel food can be improved

Investing in and maintaining high-quality facilities is crucial for creating an environment conducive to learning, research, and overall student wellbeing. Regular feedback from students and staff, combined with proactive maintenance and upgrades, can ensure that these facilities meet the evolving needs of the academic community.

Classrooms should be more bigger

All these facilities are good

Everything is fine for me

Need fans in the classroom

Very thing are ok

Lady Keane college provided good facilities .

None

everything is good

It's good

The facilities are good but i would like to point this matter is sometimes the phone internet doesn't work in college and tge wifi power is too low to accomodate so many students and the library wifi is very low so this is from my opnion should be changed and connect to more higher frequency wifi for better performance.

Fan in the classroom

Gym, sports

-

1: classroom should be spacious because like our department room is so small we have to squeeze especially in summer time it is too hot

I think they should provide a fan in our classroom especially our classroom is near the canteen sometimes when they cook somethings especially spicy things its difficult for us to focus on

The facilities are doing good

I don't have any opinion

They should provide fan to our classroom

Classrooms

Everything is good in the college but college canteen is not very spacious, it's full and needs to improve

Library is good. Some classrooms are really small and can hardly accomodate more than 20 students.

All is good

sport complex,library,classroom.

That the exams cell would take more action for those who are cheating because it is unfair to us who are not

Hostel

We need fans in classroom

Sports

Update students about the sport facilities, gym and any other clubs. We don't have any idea on these, we are not aware, there's very few announcement. Most importantly we need more clubs and activities to embrace our skills and talents and have unity with the people of same interest and outshine our Lady Keane College'sname

They're good

Lady Keane College has modern classrooms, good labs, comfortable hostels, a big library, a gym, sports facilities, and a cafeteria, making it a great place for students.

There should be more various group clubs like eg music, etc

Please think about the college fees because most of the girls can't pay it some of them have a single mother that support the family and the mother have to pay the fees for all her children and please don't put a fine for late payment some of them don't have gpay or any UPI app they have to go to cyber and there also they take money and please don't just keep the installment date in the same month some of the girl parents gets salaried in the next month not only just that you should give time for installment

Everything is fine..just some of the canteen owners and staff are rude sometimes

Better facilities for digital classes as our time went off from moving from one classroom to another classroom

The college needs to adapt to the new means of reaching out to students through technology. I feel the communication is really weak.

My suggestion to Lady Keane College is that keep on making the college an enthusiastic with a good energy and be moralistic.

I must say I was choosing the best college because the college provides the needful of the students right from library, teachers and other facilities
