REPORT ON STUDENTS EXCHANGE PROGRAMME

The students of BA 6th Semester History Honours went on a **Students Exchange Programme to Sohra Government College, Sohra on 4th May 2023** to interact with the students and teachers there. The main idea behind this was to have a first hand information and experience about the fellow students in the rural areas, their aspirations and problems they face academically. These queries were represented in the form of questionnaires that were circulated among the students. The response received gave an idea that there were many similarities among fellow students and peer group. There was also an interaction among the Faculty members of the same departments wherein discussions and ideas were shared on the scope of History as a subject and the challenges of the New Education Policy (NEP).
