### **Session 1: Inauguration and Awareness**

The two-day NDLI Awareness Program at Lady Keane College, was organized by the Department of Political Science, Lady Keane College, Shillong and NDLI Club Lady Keane College, Shillong. The Programme commenced on September 21st, 2023 and it was hosted by Mr. Obadiah Lamshwa Lamare from the Department of Political Science, Lady Keane College, Shillong. The first day of the program was dedicated to giving a hands-on training for the first semester students from various departments and streams, on how to create an account with NDLI and access the resources and study materials from the website. The event was divided into two sessions, with the first session focusing on inauguration and awareness.

The inaugural session began with a warm welcome by Mr. Obadiah Lamshwa Lamare from the Department of Political Science, who set the tone for the event. Dr. DKB Mukhim, the Principal of Lady Keane College, delivered an inspiring opening speech, highlighting the importance of digital education resources in today's academic landscape.

Following Dr. Mukhim's inspiring address, the stage was graced by Dr. J Khongtim from the Department of Library and Information Science, NEHU, spokesperson for the event. Dr. Khongtim, an alumna of Lady Keane College (2001 batch) provided a concise yet comprehensive overview of NDLI. She shed light on NDLI's aims, motives, and distinguishing features, stressing that NDLI was initiated by IIT Kharagpur and sponsored by the Ministry of Education of India.

Dr. Khongtim also shared some statistics, revealing that NDLI had established over 4900+ clubs nationwide and boasted a registered user base exceeding 81.7 lakhs+, with an average daily hit rate of

3.5 lakhs+. She also enlightened the audience about the North East Regional Centre located in Lakhmi Nath Bezboruah Library, IIT Guwahati.

Dr. Khongtim addressed various queries posed by the audience, addressing fundamental questions such as why NDLI is needed, the significance of user registration, how to utilize NDLI effectively, its accessibility, and its operational mechanisms. Her speech resonated with the students and served as a strong motivation for them to register on NDLI and embark on a journey of exploring new knowledge.

She also elucidated how NDLI could be a valuable resource not only for students but also for the teaching faculty and educational institutions, revolutionizing the way education is accessed and imparted.

Following Dr. Khongtim's presentation, Ms. Phulasmitha Nath, the Project Officer of NDLI at the North East Regional Center, IIT Guwahati, took the stage. Ms. Nath provided invaluable insights into NDLI's e-resources and their practical applications. She introduced the concept of NDLI clubs and drew a clear distinction between NDLI and traditional search engines like Google. Ms. Nath elaborated on how NDLI's customizability and efficiency set it apart as a superior educational resource.

Ms. Nath also elaborated upon the registration process, covering both individual and institutional registration methods. She emphasized on NDLI's extensive subject coverage, boasting over 100+ learning resources in various formats, including books, question papers, and more. Ms. Nath provided guidance on how to efficiently search for sources and navigate NDLI using its four browsing categories: by keyword, by source, and others.

She emphasized that NDLI offers resource materials for educational institutions worldwide, accessible free of cost from anywhere with a stable internet connection.

Session-1 concluded with moments of appreciation and tokens of gratitude presented to the three esteemed speakers by the respected Principal, Dr. D.K.B. Mukhim. The session concluded with a vote of thanks delivered by Mr. N. Mahongnao.

## **Session 2: Technical Session and Registration**

In the second session, which was the technical session, ten research scholars from the department of Library and Information Science, NEHU, Shillong, assisted the students in registering themselves on the NDLI platform. This session witnessed an active response from the students, with more than 100 students successfully registering on NDLI.

The technical session facilitated hands-on experience for the students, ensuring they left the program not only informed but also empowered to explore the vast digital resources available through NDLI.

On the second day of the NDLI Awareness Program at Lady Keane College, held on September 22, 2023, the focus was on 3rd and 5th-semester students from various departments and streams. The program continued its mission of raising awareness about the National Digital Library India (NDLI).

The day commenced with a token of appreciation presented to the esteemed spokesperson for the day, Dr. J Thabah, by Mr. N. Mahongnao from the department of Political Science, Lady Keane College, Shillong. Dr. Thabah, from the department of Library and Information Science, NEHU, Shillong brought a wealth of experience, having worked as a librarian in Lady Keane College, Shillong, before joining NEHU as a teacher in the department of Library and Information Science.

## **Session 1: NDLI Awareness**

Dr. Thabah began her presentation by underlining the importance of the NDLI Awareness Program. She emphasized the critical role NDLI played, especially during the pandemic when access to reliable resource materials was challenging.

Drawing from her background in library science, Dr. Thabah highlighted the valuable role NDLI plays in addressing the need for accessible and diverse educational resources. She explained that the shift in information mediums and the limitations of traditional libraries necessitated digital alternatives.

Dr. Thabah pointed out the drawbacks of open libraries, including limited book resources and restricted access. She contrasted this with the efficiency and accessibility of digital libraries, showcasing how NDLI played an essential role in the digitalization of libraries. Digital libraries, she stressed, could be used from anywhere, at any time, from any device, making them cost-effective, interactive, and rich in updated resources.

While extolling the virtues of digital libraries, Dr. Thabah also underscored the continued importance of offline libraries, as they offer unique and irreplaceable value.

Dr. Thabah delved into the ways NDLI helps address the problems libraries face in collecting authentic and updated sources. She clarified that NDLI was developed by IIT Kharagpur and sponsored by the Ministry of Education. NDLI aggregates sources from various institutions and offers a platform for accessing materials from collaborating universities.

## **Session 2: Technical Registration**

After the enlightening session, the program transitioned into Session 2, the Technical Registration session. Here, students were assisted in registering themselves as NDLI members and NDLI club members.

## **Conclusion:**

The National Digital Library India Awareness Program at Lady Keane College was a resounding success, thanks to the informative presentations, interactive sessions, and active student participation. It achieved its goal of raising awareness about NDLI and encouraging students to harness its potential for academic and research purposes. The event was a testament to the college's commitment to promoting digital literacy and access to quality education resources.
