

WORLD HEART DAY

World Heart Day, celebrated on the 29th September 2023, MCU organised a program for both teaching and non teaching staff. The event featured Dr J. Lyngwa delivering a brief talk on emergency heart diseases, their prevention and treatment.

The program was successful, offering teachers and staffs valuable insights into these critical aspects of heart health.

The event occurred in the college seminar hall, with presence of 3 teachers and 26 non teaching staff members participating in the programme.
